

Becoming a 'PARENT'. Giving birth to a BABY.

These are Nature's most cherished gifts to us.
At Santulan Ayurveda, we make this journey of
all parents-to-be even more special...

Is SAFE
for all
parents
to be?

Even
if we have
no medical
problems?

Yes, **SAFE**
has solutions for
deep-rooted fertility
issues, and also for
achieving peak
health before
conception.

FERTILITY PROBLEMS?

You are not alone. On an average, 1 in 6 couples globally face fertility challenges.

Welcome TO THE SAFETM CIRCLE

CAUSES OF MALE INFERTILITY

Abnormal Sperm Production Or Function, Low Sperm Count, Motility And Ejaculation Issues, Hormonal Imbalance, Thyroid Imbalance, Diabetes, Chronic Health Issues Leading To Shukra Depletion, Shukra Dosh, Work-Life Stress.

CAUSES OF FEMALE INFERTILITY

Hormonal imbalance, irregular menstruation. PCOS/PCOD, low AMH levels, later life child planning, emotional ups and downs, fallopian tube issues, anaemia, obesity, thyroid imbalance, diabetes, uterine abnormalities, irregular/excess/reduced bleeding, Yoni Dosh, work-life stress.

WHY SAFETM?

SANTULAN AYURVEDA FERTILITY EXPERIENCE

Natural and safe

5000 year-old wisdom. Time-tested, unchanging and proven.

Natural, Herbo-Mineral and Authentic.

Holistic root cause treatment, improves overall health

Pain-free, no injections, pleasant for body and mind.

Success is measured with the birth of a healthy baby. Approximately 7 of 10 couples have good results.

No repetitive cycles, thus is cost effective.

PREVALENT INFERTILITY TREATMENT OPTIONS

Known side effects & complications

Relatively recent, one method is soon outdated with a more complex one

Chemical based, artificial and lab produced

Localised treatment, risk of weight gain, weakness, immediate and long term imbalances.

Array of treatments, may include up to 90 injections in one cycle. Inconvenient and stress-inducing

Success based on conception and pregnancy only (miscarriage, abortion and mishaps are not included in success rate).

A minimum of 4-6 IUIs or IVFs for a reasonable success rate. Lengthy, exhaustive and expensive.
